

Cut and Stack Labels

Looking for Cut and Stack labels that reduce production issues?

Inland has proven, time and again, that using our quality labels will reduce issues on your production lines, saving you both time and money. In a fast-paced marketplace, time is critical, which is why we focus on speed-to-market. Our streamlined processes and state-of-the-art equipment allow us to offer you condensed lead times, getting your product on the shelf and into the hands of your customers faster.

Inland's Cut and Stack labels offer you:

- ✓ Offset Lithographic printing for crisp graphic detail
- ✓ Gravure printing for long run efficiencies
- ✓ Environmentally friendly soy based offset ink system and water based gravure ink system
- ✓ Specialty die-cutting for unique shapes
- ✓ Fast turnaround times for increased speed-to-market
- ✓ Embossing, backside printing, foil stamping, perforations, scratch n sniff, temperature activated inks and a variety of additional label enhancements to give your brand an edge over the competition
