

# Roll to Roll Labels

## Looking for Roll to Roll labels that demand attention?

By using Inland's Roll to Roll labels, you will make your brand stand out and grab the attention of consumers. With our multitude of ink, substrate and finishing options, the possibilities to create an innovative label are endless. Having a great looking product is important, but getting it on the shelf in front of customers is what drives your sales, which is why we focus on speed-to-market. Our streamlined processes and state-of-the-art equipment allow us to offer you condensed lead times, getting your product on the shelf and into the hands of your customers faster.

### Inland's Roll to Roll labels offer you:

- ✓ Flexographic printing for unique capabilities
- ✓ Gravure printing for long run efficiencies
- ✓ Eco friendly water based inks and coatings
- ✓ Fast turnaround times for increased speed-to-market
- ✓ In-line laminating or the opportunity for monolayer construction which can provide improved label application, reduced curl, and lower costs
